Meteorologist's View

Walking conditions becoming difficult this afternoon over higher ridges due to the strengthening wind.

Forecast for Monday 05 Aug 2024

Weather: Another mostly cloudy day. Some dry weather during the morning and early afternoon, just some patches of drizzle, then more persistent rain in the evening.

Maximum wind: Fresh southerly winds in the morning, average speeds of 20mph with 35mph on higher peaks. Winds becoming southwesterly during afternoon and becoming lighter by evening.

Chance of cloud-free hill tops above 800m: 40%.

Low cloud and visibility: Mostly good visibility in the morning and early afternoon with occasional clouds above about 700m. Poorer visibility in drizzle and rain later with clouds forming lower down the hills.

Temperature: **Valleys:** 13 Celsius rising to 21 Celsius.
At 800m: Plus 13 Celsius.
Freezing level: Well above the summits.
